

Windows for School Immunizations

How to Use these Windows:

Line the window up over the date boxes on the child's blue card. Immunization requirements are met if there are dates in each window. See also Notes at right.

IMMUNIZATION requirements are met if there are dates in each window. See also Notes at right.

students
School

Polio 8/1/11 10/1/11 12/10/11 6/14/12
Only three doses meet legal requirements ages 4-6 years or on or after 2nd birthday

DTP 8/1/11 10/1/11 12/10/11 12/10/12
Only four doses meet legal requirements ages 4-6 years or on or after 2nd birthday

MMR 6/7/11 6/14/12
Both doses must be on or after one of the MMR doses. Only one MMR dose meets

Hib
Exception: For formulation w doses will meet

Hep B 8/1/11 10/1/11 12/10/12
Exception: For formulation w doses will meet

Var 6/7/11
Write in either a vaccine date or physician

Is there a date in each space? Yes: Child can be admitted.
No: The dose is needed.
a. If #4 DTP is missing, and it is over a year since #3, it is needed now; if under a year, it is required one year after the #3. Advise parents.
b. All others: If it is over 2 months since the previous dose, it is needed now; if under 2 months, it is required 2 months after previous dose. Advise parents.

STATE OF CALIFORNIA - DEPARTMENT OF HEALTH SERVICES
IMMUNIZATION BRANCH

Notes:

- The California School Immunization Law requires that all children entering your school are protected by their immunizations. To do this, you will need to:
 - Ask parents to present their child's Immunization Record;
 - Record all of the child's immunization dates on a blue card (the California School Immunization Record);
 - Determine if the child has had all the immunizations required. These Windows can help you with this.
- Supplies of the blue card are available free from local health departments.
- When a birthday is specified, a date up to 4 days before the birthday is O.K.
- The hepatitis B requirement applies only to kindergarten and 7th grade. The Varicella requirement applies only to kindergarten and to 1-12 grade entrants from out of state.

	(1st)	(2nd)	(3rd)	(4th)	(5th)	
Polio						← Only three doses meet requirements if 3rd dose was on or after 4th birthday for ages 4-6 years or on or after 2nd birthday for ages 7-17 years.
DTP						← Only four doses meet requirements if 4th dose was on or after 4th birthday for ages 4-6 years or on or after 2nd birthday for ages 7-17 years.
MMR						← Both doses must be on or after one of the MMR doses. Only one MMR dose meets the requirement for grades 1-6 and 8-12.
Hib						
Hep B						← Exception: Only two doses meet the requirement if the doctor indicates the 2-dose formulation was used and both doses were given at age 11-15 years.
Var						← Either a date or "had disease" meets the requirement.

- **Is there a date in each space?**
- Yes:** Child can be admitted.
No: The dose is needed.
- If #4 DTP is missing, and it is over a year since #3, it is needed *now*; if under a year, it is required one year after the #3. Advise parents.
 - All others: If it is over 2 months since the previous dose, it is needed *now*; if under 2 months, it is required 2 months after previous dose. Advise parents.
